**LEGISLATIVE WORK PLAN OF THE PARLIAMENT OF MONTENEGRO
FOR 2013**

IMPLEMENTATION REPORT

Podgorica, January 2014

Introduction

The Collegium of the President of the Parliament of Montenegro adopted the Legislative Work Plan for 2013 at the meeting held on 19 March 2013. The Plan included a framework for alignment of national legislation with EU law and a plan for the review of reports that certain authorities submit to the Parliament in accordance with the law.

The Plan, which was developed on the basis of the Government Agenda for 2013 and Activity Plan on implementation of recommendations set out in EC's Montenegro 2012 Progress Report, provided an overview of the proposals for laws planned to be considered in 2013. The Plan included 128 proposals for laws, 54 of which were laws planned for alignment with EU law. The Plan also encompassed the Parliament's oversight activities related to the review of reports that certain authorities submit to this institution, in accordance with the law.

The Parliament's Legislative Work Plan for 2013 envisaged follow-up of its implementation, which entailed drafting of quarterly reports that, in addition to information on the implementation of the Plan, also contained information on the laws adopted during the reporting period and proposals for laws under parliamentary procedure. The first report on implementation of Legislative Work Plan for the period until 30 June was adopted by the Collegium of the President of the Parliament at the meeting held on 30 July, while the second report covering the period until 30 September was adopted on 3 October 2013. Both reports are available on the Parliament's website¹.

Based on the information on the implementation of Legislative Work Plan by the end of September 2013, the Revised Legislative Work Plan of the Parliament for the Second Ordinary (Autumn) Session was prepared and adopted by the Collegium of the President of the Parliament in early October. In addition to proposals for laws that had not been determined and submitted to the Parliament within the planned period and those that had been scheduled for the fourth quarter of 2013, the Revised Plan included nine proposals for laws submitted by the Government by the end of September that had not been in the original plan.

This Report contains information on the implementation of Legislative Work Plan of the Parliament and Revised Legislative Work Plan for Autumn Session, the total number of acts passed in 2013 and proposals for laws that were in the parliamentary procedure at the end of 2013.

The aim of the Report is to present in detail the overall legislative activity of the Parliament in 2013. For better overview, data are grouped into three sections to show:

1. Total number of acts adopted in 2013 and proposals for laws under parliamentary procedure at the end of 2013;
2. Number of laws adopted in 2013 compared to the number of laws that were included in 2013 Legislative Work Plan of the Parliament of Montenegro and the Revised Plan for Autumn Session;
3. Implementation of 2013 Legislative Work Plan of the Parliament and the Revised Legislative Work Plan for the Second Ordinary (Autumn) Session, including the documents these plans were grounded on - the Government Agenda for 2013 and Activity Plan on implementation of recommendations set out in EC's Montenegro 2012 Progress Report.

Table of implementation of 2013 Legislative Work Plan of the Parliament, which contains information on the planned timescale for the Government to determine a proposal for a law, date when the proposal was determined and submitted to the Parliament, as well as on the status of each submitted act, is given below.

In addition to this table, Annex 1 of the Report provides an overview of all proposals for laws adopted by the Parliament in 2013, while Annex 2 provides an overview of the proposals for laws that were under parliamentary procedure on 31 December 2013, including data on proposers (MPs or the Government of Montenegro) and the date of submission of acts to the Parliament.

In the same period, the following acts proposed by the Government were adopted:

On 31 December 2013, there were 60 proposals for laws of which:

- 39 proposals for laws submitted by MPs and
- 21 proposals for laws submitted by the Government of Montenegro.

2. Legislative activities of the Parliament compared to 2013 Legislative Work Plan and Revised Legislative Work Plan for the Second Ordinary (Autumn) Session

The Parliament of Montenegro adopted 113 laws in 2013, out of which 54 laws were included in 2013 Legislative Work Plan and Revised Legislative Work Plan for the Second Ordinary (Autumn) Session.

Legislative Work Plan for 2013, adopted in March by the Collegium of the President of the Parliament, was prepared based on the Government Agenda for 2013 and Activity plan on implementation of recommendations set out in EC's Montenegro 2012 Progress Report. This plan originally contained 128 proposals for laws, which were planned to be considered in 2013.

Revised Legislative Work Plan for Autumn Session was prepared on the basis of information on the implementation of the Legislative Work Plan during the spring session in 2013. In addition to the proposals for laws that had not been determined and submitted to the Parliament by the end of the spring session and those anticipated for the fourth quarter of 2013, this document included nine proposals for laws adopted by the Government before the adoption of the Revised Legislative Work Plan, which had not been included in the original Legislative Work Plan.

During 2013, the Parliament also adopted 16 laws proposed by MPs and 38⁶ laws proposed by the Government of Montenegro, which were not foreseen in the Legislative Work Plan of the Parliament. Almost half of the laws that were not included in the Legislative Work Plan of the Parliament for 2013 accounted for laws on ratification of international treaties.

⁶These laws, which were adopted on the proposal of the Government of Montenegro, were not included in the Government Agenda for 2013 or the Activity plan on implementation of recommendations set out in EC's Montenegro Progress Report for 2012, both of which provided the grounds for drafting the Parliament's Legislative Work Plan.

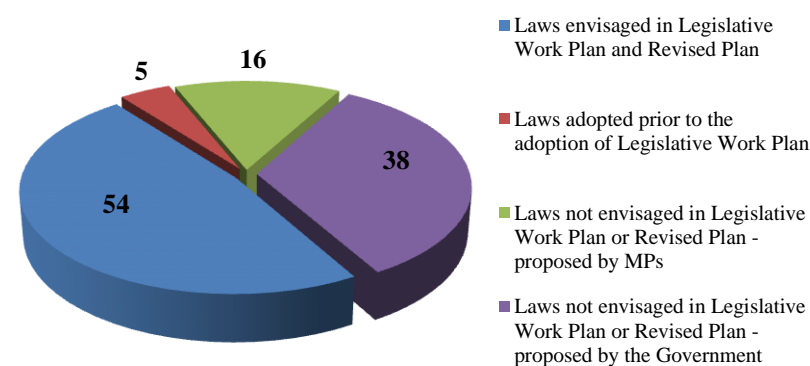

The remaining five laws were passed by the Parliament at the sitting of the First Extraordinary Session held in late January 2013, prior to the adoption of 2013 Legislative Work Plan of the Parliament. Bearing in mind that the Legislative Work Plan of the Parliament was adopted in March and included proposals for laws intended for plenary discussion by the end of the year, five laws that were adopted at the sitting of the First Extraordinary Session were not included in this document.

Table 2 shows statistical data on the number of laws passed in 2013 in relation to the Legislative Work Plan of the Parliament, while annex to this Report provides an overview of the laws adopted by the Parliament in 2013, along with the proposals for laws that were under parliamentary procedure on 31 December 2013, including the data on the proposer (MP or Government) and date of submission of the act to the Parliament.

3. Implementation of 2013 Legislative Work Plan of the Parliament of Montenegro and Revised Legislative Work Plan for the Second Ordinary (Autumn) Session

Scrutiny of 137 proposals for laws was planned in 2013 Legislative Work Plan and Revised Legislative Work Plan for Autumn Session.

Legislative Work Plan included 128 proposals for laws, 115 of which had been envisaged in the Government Agenda for 2013 and Activity plan on implementation of EC's recommendations, while 13 had been submitted by the Government before the adoption of Legislative Work Plan, and had not been envisaged in its Agenda or the Activity Plan.

Revised Legislative Work Plan for the Second Ordinary (Autumn) Session encompassed additional nine proposals for laws submitted by the Government prior to the adoption of the Revised Plan, which had not been envisaged in the Legislative Work Plan.

TOTAL	137

As mentioned above, the Government Agenda and Activity plan on implementation of EC's recommendations envisaged that the Government would determine 115 proposals for laws in 2013. Out of this number, 65 proposals for laws were determined by the end of the year, 31 proposals were not determined, while 19 proposals were dismissed or postponed for 2014.

Out of 65 determined proposals for laws envisaged in the Government Agenda and Activity Plan, and therefore in the Legislative Work Plan of the Parliament, the Government submitted 50 proposals for laws to the Parliament of Montenegro, while 15 proposals, the largest number of which were determined in December 2013, were not delivered by the end of the year.

The Parliament adopted 37 out of 50 previously mentioned proposals for laws submitted by the Government in accordance with its Agenda, 11 proposals for laws are still before the Parliament, while two proposals for laws were withdrawn from the procedure.

Out of the remaining 22 proposals for laws covered by 2013 Legislative Work Plan of the Parliament and Revised Legislative Work Plan for Autumn Session, which had been under parliamentary procedure before adoption of these plans, the Parliament adopted 17, one was not adopted, three were in the parliamentary procedure, and one was withdrawn from the procedure (see Table 4).

Overall, out of 137 proposals for laws included in the Legislative Work Plan of the Parliament⁷ and Revised Legislative Work Plan for the Second Ordinary (Autumn) Session, the Government determined 87 and submitted 72 proposals for laws to the Parliament.

The Parliament adopted 54 out of 72 submitted proposals for laws, while 14 are still under parliamentary procedure. Three proposals for laws were withdrawn from the procedure and one was not adopted.

In terms of legislation alignment, the Parliament adopted 18 proposals for laws out of the total of 54 proposals planned for alignment with EU law in the Government Agenda and the Activity Plan on implementation of recommendations of the European Commission. It should, however, be borne in mind that a large portion of the laws adopted during 2013 at the proposal of the Government, but not envisaged in its Agenda and Action Plan, were also adopted for alignment with EU law.

Review of reports that some authorities submit to the Parliament in accordance with the law

Legislative Work Plan of the Parliament for 2013 included review of reports that some authorities submit to the Parliament in accordance with the law. In line with 2013 Plan, scrutiny was envisaged for 24 reports and six draft financial plans of independent regulatory bodies. The Parliament adopted 16 reports and six financial plans, five reports did not receive the required majority, two reports were under parliamentary procedure, and one was not delivered within the set deadline.

Table below shows implementation of the Legislative Work Plan of the Parliament for 2013, including information on the status of each proposal for a law envisaged by the Plan, i.e. information on whether the Government determined a proposal for a law, whether the proposal for a law was submitted to the Parliament and whether it was adopted. Proposals for laws, the adoption of which is planned for alignment with EU law, are marked blue.

This document also contains the data on the reports that some authorities submit to the Parliament in accordance with the law.
